RE: API Specification 7-2, 2nd Edition Addendum 2

Please be advised that **Addendum 2 of the 2nd Edition of API Specification 7-2, Threading and Gauging of Rotary Shouldered Connections**, has been published.

- The effective date of this Addendum is March 2024

Please note that this document requires your immediate review and attention. Your facility should ensure that all editions are incorporated into your quality management system and that affected personnel are trained on any new requirements and are competent to perform the required activities by the new addendum's effective date.

Licensed and applicant organizations are required to maintain at least one copy of the most current edition of the English language version of the API Product Specification(s) for which it is licensed or seeking licensure. Current API publications may be purchased from the www.apiwebstore.org.

This notification and other product updates, as well as new editions and addenda for Monogram specifications, are available at Monogram Program/APIQR & Spec Updates.

For any questions or concerns related to this notification, please contact us at api.org/ContactMonogram.

Thank you for your continued participation in the API Monogram Program and your dedication to quality.

Sincerely,

Kevin Ferrick
Senior Director, Monogram/APIQR
